Prepare one set of Bible Book Cards for each pair of students.

Divide class into pairs and give each pair a set of cards to divide evenly between them.

Each student in the pair places his or her stack of cards facedown in front of him- or herself.

Simultaneously, each student turns the top card from his or her stack faceup and says the

Bible book name on the card aloud. Students compare faceup cards. Student who played the

Bible Book Card that comes later in the Bible collects both cards and adds them to the bottom

of his or her stack. Students continue play until one student has all the cards. (Tip: Students

may refer to contents page in their Bibles while playing this game.)
