

## Start With A Plan

1. Every good plan starts with the end in mind. Draw a word picture of what you want the 5th and 6th graders in your ministry to know before they move on to Middle school or Junior High.

---

---

2. Look at your Preschool Curriculum that is used in your Sunday school.  
Does it help to move your children to the vision you have for them above?      Yes      or      No

3. Download the curriculum evaluation form at the link by the video.

4. Evaluate your preschool curriculum to see if it teaches your children:

Yes / No

Who is God?

---

God Loves and Cares for them

---

Jesus is God's Son

---

Bible is God's Word

---

Bible is True

---

They can talk to God

---

How many times does the program go through the Bible between ages 2 – 5?

---

5. Now move on to your elementary curriculum. How effective is it in helping your kids know and understand these principles?

Yes/ No

Every story in the Bible points to God's plan to send Jesus

---

Children will have Basic Bible knowledge

---

Children will be able to Name the books of the Bible

---

Children will learn to locate Bible references

---

Children will learn to use a concordance and Bible reference book.

---

Children will learn the basic theme content of the Bible book divisions

---

Children will have memorized core Bible verses

---

6. Now look at your preteen curriculum. This is your last chance to complete the word picture you created in question 1. Does your curriculum do that?

---

---

---

---

---

7. If not what is missing?

---

---

---

---

---
