---

### Answer the following questions

1. Who first asked you to teach children at church?
2. How long ago was that?
3. What do you think they saw in you that made them want you to be part of the kids' ministry team?

**Reread Jeremiah 29:11-12, write down your thoughts as it pertains to children's ministry and how teaching can be a vehicle of blessing for you.**

### What do teachers do before and after class?

1. Prayer
  - Do you remember who taught you to pray?
  - Make a list the prayer requests on your heart for yourself and the children you minister to.
2. Prepare
  - When will you plan to prepare for your lesson?
  - What can you do to prepare for the early arrivers?
3. Appraise
  - What went well in class time?
  - What specific challenges did we face?
  - Was there any home study assignment or memory verse to ask them about next week?
  - Were there opportunities for the teaching assistant to use their gifts in ministering to the kids?
  - What is an area that needs improvement?
